What prompts a private landowner to decide that opening the gate's for scientists or wildlife managers is a good idea? In this presentation, we will hear from several private landowners in the Bitterroot Valley who embraced research and inventory projects. Why do they participate? What have they learned? How do they see these types of collaborations supporting conservation efforts in the Bitterroot Valley and elsewhere? Please join us in celebrating a few people brave enough to venture to Butte to visit with you. We'll allow ample time for discussion.
