

BATTLE OF THE BEAR'S PAW

BETWEEN
General Miles - Chief Joseph
Sept 30 to Oct 5-1877
Scale 1"=200'
Surveyed by C.R. Hayes

Remarks
This battle ground was set aside as a National Monument through the efforts of L.V. Briggs at the time when these lands were being homesteaded. The history and location of points of interest was done by L.V. Briggs, Chief, Mary Hamble and Chief White Hawk in Aug 1915. The Chinook Line and Trail House at Cushman Park, standing the experience of bringing about peace from Washington and Idaho.

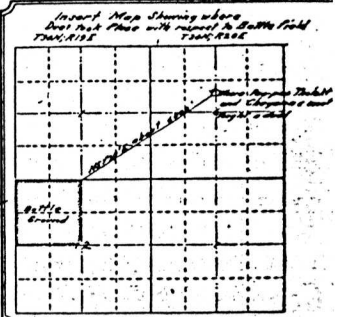

With in the large circle is where Miles lost 14 men, out of 32 killed and over half of the wounds were received on the first charge of the seventh cavalry, as they were surprised when the Indians opened fire on them from their breast works, on brow of hill to the right.

Small circles with numbers show general location of camps, etc. with reference to field notes, so that points of interest can be picked out more readily.
