Dear Wally:

Charlie Duell writes me that he has just found out that they have 515 sets of folded and gathered sheets of FIRE AND ICE at the printers. He asks whether you would like to take these over at 5¢ a set. If not they will be pulped. Will you let me know.

I have a final complete release from Charlie on both this contract and the contract for THE BIG ROCK CANDY MOUNTAIN.

Sincerely yours,

Reverie

O

I have a final complete release from
Charlie on both his contract and the contract
of THE BIG ROCK CANDY MOUNTAIN.

Dear Bernice:

I have tried to find some legitimate use for 515 sets of sheets
of FIRE AND ICE, and it seems to be a singularly useless article,
so I guess Charlie had better go ahead and have them pulped.

Thanks a million.

Sincerely,

P

Dear Wally:

Avon, one of the 25¢ reprint houses, has inquired about FIRE AND ICE. I have no copy of it, and I wonder whether you have a spare which you'd like them to see. The rights reverted to you and of course if you have arranged for a transfer to Houghton Mifflin there is nothing more we can do about this expression of interest. It is still just that. They ask for all sorts of book which they then discover they can't use.

All best to you.

Yours,

Bernie

Dear Wally:

Avon, I'm sorry to say, are declining FIRE AND ICE. I thought it might be a little difficult for them. I am returning your copy separately by first class mail.

Yours,

Bernie
